

Plan to Attend

USDA & Texas A&M AgriLife Extension Workshop

With the passage of the 2014 Agriculture Act (Food, Farms and Jobs Bill – aka Farm Bill), here's your opportunity to learn more about the new/updated programs offered by the **Farm Service Agency, Rural Development, and the Natural Resources Conservation Service** – including the 2015 Local Working Group process, which allows citizens input to NRCS Conservation Programs.

The **Texas A&M AgriLife Extension Service** will update us on Issues Affecting Agricultural Producers in Jim Wells County.

The **Brush Country Groundwater Conservation District**, a legal subdivision of the State of Texas, will give us an update on the GCD – as GCDs are the state's preferred method of groundwater management. You indicated last year you wanted to learn more, so the GCD is coming!

The **Texas Department of Public Safety** will update/clarify the rules on Farm Equipment/Trailer Safety.

Don't miss it!

Free Workshop Hosted By:

Jim Wells County SWCD #355
Wed. August 20, 2014
6:00 pm (5:30 pm registration)
Women's Building
Jim Wells Fairgrounds, Alice, TX
(Meal Provided)

Please RSVP
